Bulletin *Basic Social and Economic Indicators of Ukraine* (infographics) contains macroeconomic indicators of the country's social and economic situation. Selected indicators are preliminary and could be revised based on the results of final calculations.

Information is presented excluding the temporarily occupied territory of the Autonomous Republic of Crimea, the city of Sevastopol and a part of the zone where anti-terrorist operation is conducted.

Data about present population are presented excluding the temporarily occupied territory of the Autonomous Republic of Crimea and the city of Sevastopol.

The calculations (assessments) were made on the basis of available administrative data on the state registration of births and deaths and the change of registration of the place of residence excluding a part of the zone where anti-terrorist operation is conducted.

Data on direct investment are compiled on the basis of the information derived from resident entities and non-resident permanent missions to Ukraine including administrative data of the National Bank of Ukraine on the market value of direct investment (shares, property etc) made by companies and institutions.
